

Streamers 11

As always, each of the four colours must appear once in each row,
each column, and each connected streamer.
This time you get to choose the shape for each streamer.

This is a variation of the game of Strimko, which involves numbers rather than colours and shapes.

Streamers 12

As always, each of the four colours must appear once in each row,
each column, and each connected streamer.

This time you get to choose the shape for each streamer.
